RE: Tree Planting at the Noëlville Landfill Site

On behalf of Council and staff, I would like thank and recognize the following persons and organizations for their participation in the “Plant a tree for the Environment Day” event at the Noëlville Landfill Site. It was once again a huge success!

We would like to express our most sincere gratitude to the French River Stewardship Council for coordinating the event, to the Environment Group at Vale for providing 1200 seedlings, to the students and teachers at École Secondaire de la Rivière des Français and to Greg Lebert who volunteered their time to plant the trees and to the Public Works Department for being helpful and providing the tools and materials necessary to plant the trees.

The Municipality of French River is grateful of each and everyone’s work and dedication towards the community.

THANK YOU!

On behalf of Council and staff,

Claude Bouffard
Mayor
